

/Users/hoff/Retro/virtualc64
/Emulator/Base/OptionTypes.h

```
graph TD; A["/Users/hoff/Retro/virtualc64  
/Emulator/Base/OptionTypes.h"] --> B["Aliases.h"]; A --> C["Reflection.h"];
```

The diagram illustrates a file path structure. At the top, a gray box contains the path `/Users/hoff/Retro/virtualc64/Emulator/Base/OptionTypes.h`. Two blue arrows originate from the bottom of this box, pointing downwards to two separate gray boxes. The left box contains the text `Aliases.h` and the right box contains the text `Reflection.h`.

Aliases.h

Reflection.h
